

WesTrac Newcastle

Tomago, NSW

Client: WesTrac

Budget: Approx \$150 million

Role: Principal Design Consultant

Type: Service Centre and Training Institute

Completed: 2012

The \$150 million WesTrac Newcastle Service Centre and Training Institute incorporates twelve major buildings, with 50,000sqm under roof, on a 23 hectare site facing Tomago Road. The completed development includes workshops, administration and staff facilities for the sales, service and assembly of Caterpillar equipment. The administration and training buildings have been designed to achieve Greenstar accreditation. This world class facility opened in July 2012.
