

Elermore Glen

Newcastle NSW

Client: Elermore Glen Lifestyle Village

Budget: Approx \$2 million

Role: Principal Design Consultant

Type: Over 55's Retirement Village

Completed: 2021

Our client's objective to afford residents a contemporary & stylish village centre in which they can partake in a variety of social activities has been achieved through the recent expansion & fit-out works.

Beautiful interior furnishings & a soft colour palette accentuate the architectural features of the building and filter the natural play of light through the spaces. The interiors have been selected to create a calm yet functional environment, offering a variety of spaces for intimate gatherings or larger group events. Thoughtful design affords flexible use of the spaces which overlook the village grounds and seamlessly connect to the elevated external terrace. Users will appreciate the emphasis placed on design, quality & comfort.
