

Merewether Residence

Newcastle, NSW

Client: Undisclosed

Budget: Undisclosed

Role: Principal Design Consultant

Type: Residential

Completed: Undisclosed

This stunning Hamptons inspired residence was designed and constructed with a high level of finish and detail both internally and externally to create a comfortable coastal family retreat. The brief was to capture the southern views at the front of the property and open up to the northern aspect and pool set in private manicured gardens. The result is a flexible open plan space on the main level that takes full advantage of both aspects from the main entrance through to the northern deck that is protected from the harsh coastal environment. The luxurious master bedroom, walk in robe and ensuite is also on this level taking full advantage of the views. Below are three bedrooms and a family room opening to a central courtyard and the northern gardens. The upper level includes a retreat that provides commanding views over Dixon Park Beach and beyond. This home is a true reflection of the client.
